

...fast, reliable field asset management from the leader in precision solutions...

Ashtech Reliance™

Ashtech - A Welcome Addition to GIS

Whatever you want to map, whether it's a wetland or a power pole, water meter or crop infestation, Ashtech's Reliance field asset management tools are your best choice for fast, accurate results.

Ashtech has taken its precision solution techniques and integrated them into a line of field asset management tools tailored for GIS professionals.

Precision Solutions for GIS = Ashtech Reliance

Ashtech's Reliance GPS systems provide reliable, on-the-fly decimeter accuracy. Using the Windows® operating system, these easy-to-use field asset management tools save time and money while enhancing the quality of your asset database.

ISO 9001 Quality

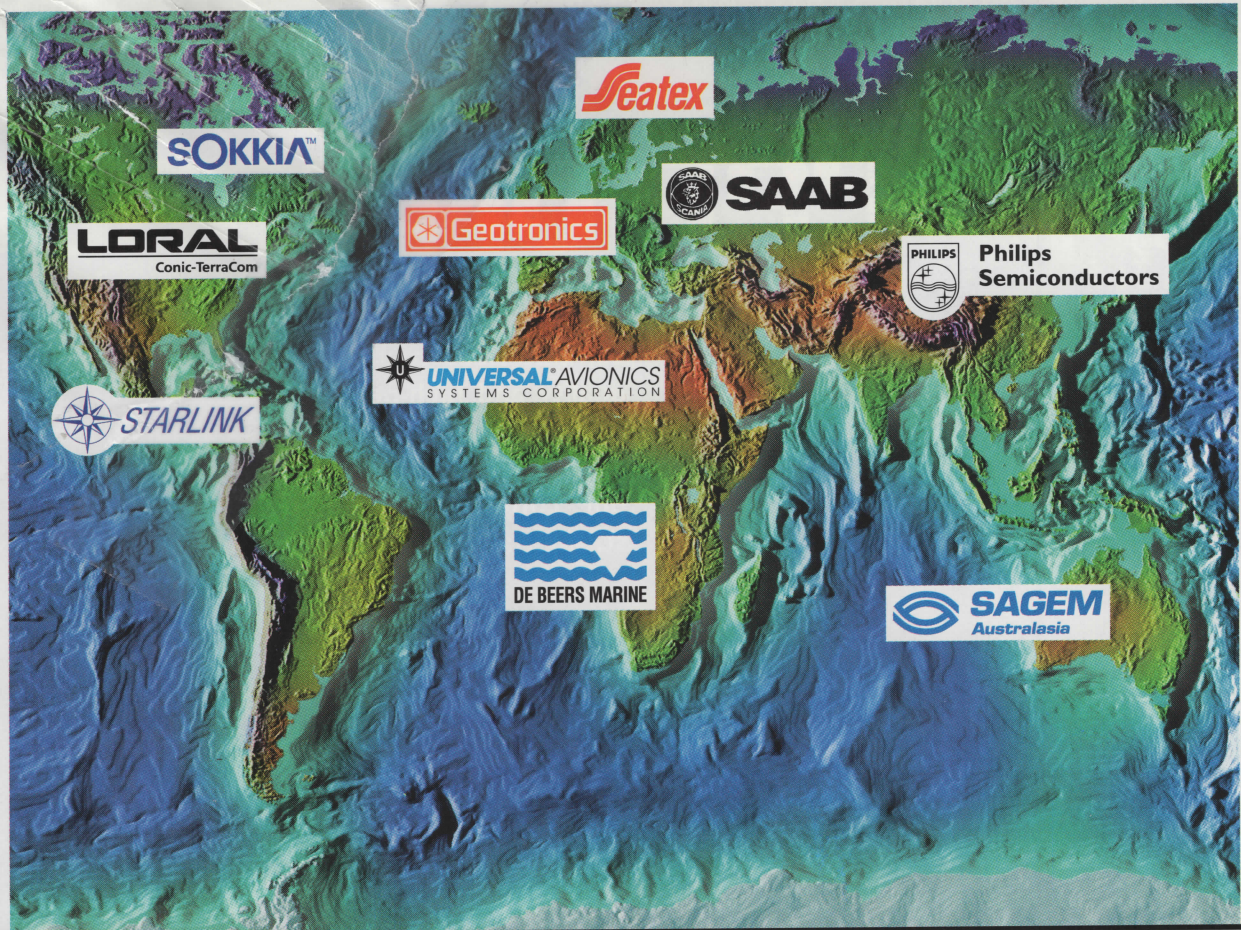

Thousands of GPS experts have made Ashtech the leader for global positioning. Ashtech has become a worldwide reference standard. ISO 9001 certified, we have a proven reputation for precision solutions and quality products.

Next Winning GPS Partnership?

You and Ashtech. Be counted among those demanding precision.

Our precision GPS technology is available on OEM boards or in packaged sensors for integration in the design of your application.

In marine differential navigation by Starlink in the U.S., in avionics by France's Aerospatiale, in Sweden's SAAB military aircraft, in products made by the leading geo-survey manufacturers in Japan, the U.S. and Europe, as well as for other industry leaders worldwide, Ashtech has the technology chosen by the experts.

It's no wonder that both U.S. and Canadian Coast Guards now use Ashtech exclusively to provide differential corrections for navigation safety.

From low-cost meter-level solutions to top-of-the-line products offering centimeter accuracy, as well as special applications such as timing and attitude determination, Ashtech's full range of OEM and NAV products are ISO 9001 certified to meet your needs for precision and quality.

G12 EVALUATION KIT—40% DISCOUNT Call 1-800-922-2401 for this limited-time offer. Kit includes G12 GPS board, antenna, power supply, cables, and Windows® Evaluation software.
