

Technical details of our unique innovations: Dual-Depth  
Dual-Frequency Choke Ring, In-Band Interference Rejection,  
Co-Op Tracking, GPS-Coupled Spread Spectrum  
Radio Modem, RTK with Choke Ring,  
Plan-and-Execute post processing software

## Technology

Product, application, and component views  
Products of JPS products for precision  
survey, RTK, GIS, machine control,  
and CORS monitoring stations

Sales Data sheets, price lists,  
worldwide dealer network,  
and online order

Letters from Javad, JPS in the press,  
and Picture Gallery of products

## JPS

Download user manuals, data samples,  
and technical papers; access to ftp server,  
password-protected software and firmware  
upgrades, fast technical support, and JPS Direct

## Support

Links to other GPS manufacturers,  
institutes, publications, bulletins,  
tutorials, Basics of High Precision GPS

## GPS

Click on the above flags in our website to see what makes us at least  
two years ahead of all others. We substantiate our claims on technical bases.
